

## Bring Intelligence to Your Business

# Stay Safe and Healthy!

Ethanol-friendly

The epidemic of coronavirus (COVID-19) is still spreading. Please take good care of yourselves during these difficult days. The following tips may help reduce the threat from coronavirus.

1. Wash hands frequently with soap or alcohol-based hand sanitizer.
2. Refrain from touching eyes, nose and mouth with hands.
3. Avoid travelling to epidemic areas.
4. Wear a surgical mask when it requires.

Your CipherLab mobile devices also need but simple care to give you more protection against the coronavirus. It is recommended to sanitize the device every time before and after your use.

1. Power off the device
2. Moisten a lens tissue or fiber cloth with **75% ethanol solution**.
3. Wipe the device with the moistened tissue or cloth.
4. Let the device air dry.

Stay safe and healthy!
